1.TAKA Invitation System:

TAKA has a commission system that rewards users, hosts, and agents for inviting others. When someone joins through your link, their earnings are added to your team’s total income, and you earn a commission.

The more your team earns, the higher your commission rate - starting from 4% up to 20%

Example:

If you, “A”, invited “B” (who didn’t receive any gifts).

Then, “B” invited user “C” (who didn’t receive gifts).

Then, user “C” invited user “D” (who received 150 million beans as gifts).

Then your team’s total income will be 150 million beans.

Based on this, your commission rate will be calculated as 20%.

Note: M represents a million; 10,000 beans are equivalent to \$1.

Taka agency commission rate		
Level	Basic Income (Beans)	Commission Rates
A	150M+	20%
B	50M ~ 150M	16%
C	10M ~ 50 M	12%
D	2M ~ 10M	8%
E	0M ~ 2M	4%
M= million, 10000 beans = 1 \$		

2.Commission Calculation:

If your commission rate is 20% and you invite someone with a 4% rate, you will earn up to 16% commission as your revenue (the difference of 20% and 4%).

Formula: {Your Commission Rate - Invitee's Commission Rate} * {Total Income from the Invitee's Team} = Your Commission

You also earn from the people your direct invitees bring in, with no limit.

If your commission rate is higher than theirs, you'll get at least 4% of their team's total income.

3.Additional Benefits:

1. Share Holder Status:

- When you have two direct invitees each at a 12% commission rate, and your own rate is 16%, you qualify as a TAKA shareholder.
- As your team levels increase, so does your shareholder bonus.

2. Lucky Wheel Rewards:

- Greater invitee activity unlocks more bonuses and spins on the lucky wheel, with the potential for higher rewards.

3. Game Rebate:

- Earn up to a 0.5% rebate on games your invitees play. And if they invite other users to play, you can also have the chance to get that tier 2 bonus.

4.Roles & Responsibilities in TAKA
